

CSK[®] *Master*

A Perfect Blend of Tradition & Technology.

CSK MASTER

A PERFECT BLEND OF TRADITION & TECHNOLOGY

USP – WORLD'S FIRST AI ENABLED FILTER COFFEE MACHINE

CSK Master operates on a patented extraction and dispensing mechanism designed specifically for brewing the Indian filter coffee with Intelligence.

- Maintains consistent brewing temperature
- Controls extraction time precisely
- Preserves aroma and body
- Eliminates human variation

RESULT: Authentic Degree Coffee. Every single time.

HIGH PERFORMANCE OUTPUT

- Built for commercial excellence
- Dispenses 100 cups per charge
- Engineered to deliver 2000+ cups per day
- Heavy-duty internal components
- Designed for high-footfall cafés and institutions

CUSTOMIZED COFFEE – QR BASED PERSONAL BREW

CSK Master allows every customer to enjoy the coffee the way they like to drink. Using the QR code system the coffee lovers can:

- Adjust strength (mild / regular / strong / extra strong)
- Store their preferred brew profile
- Get the same taste on every visit, every time
- Monitor the personal health scale on coffee consumption
- Get to know the facts about coffee

Remembering the brew profile makes the consistency personal.

CSK MASTER

A PERFECT BLEND OF TRADITION & TECHNOLOGY

IOT ENABLED SMART MONITORING

CSK Master equipped with IOT Connectivity, Enabling:

- Real time machine monitoring
- Performance analytics
- Daily sales data & users track
- Brew cycle tracking
- Push alert messages or greetings & wishes

RESULT: Owners can monitor / control remotely through our software dashboard

INTELLIGENT REPORTS & ANALYTICS

Generate detailed reports such as:

- Cups dispensed per day / peak hours usage
- Strength preference trends
- Re-order level alerts for Milk / Decoction levels

BUILT FOR DURABILITY

CSK Master built to suit day to day commercial operations

- Heavy gauge SS body with rust proof surface
- SS304 food grade quality for product contact area
- Long lifecycle components
- 220V AC, 50Hz Frequenc, 1500W Power consumption

WHY CSK MASTER?

Patented Technology | Customised Brew | IOT Monitoring | Durable
